

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

DATE 29 JUN 1983

SUBJECT Citizen's Complaint - Gulf Electroquip, Houston, TX

FROM Charles A. Gazda  
Chief, Emergency Response Branch (6ES-E)

RECEIVED  
EPA REGION VI  
JUN 30 AM 10:11  
SUPERFUND BRANCH

TO Sam Nott  
Chief, Superfund Enforcement Section (6AW-SE)

In response to a citizen's complaint concerning oil in the drainage ditch adjacent to Gulf Electroquip, a joint inspection was conducted by TAT and TDWR. The inspection report and analytical results for the sample collected by TAT are attached. Analytical results for the three samples collected by TDWR will be available on June 30, 1983.

Please note the red liquid found on Chem Express Trucking property was cleaned up by the company. However, the oil in the drainage ditch could not be traced to either Chem Express or Gulf Electroquip and has not been cleaned up.
